TRUSTEES' MEETING

BOARD IS IN SYMPATHY WITH
MOVEMENT FOR MUNICIPAL
TELEPHONE SYSTEM

The board assembled at 8 o'clock Thursday evening, May 8. All members were present. The minutes of the last regular meeting were read and approved.

The hearing of protests against assessment for the opening and widening of Adams Street was called for. No protestants were present, but the written protest of A. L. and Cynthia L. Smith, previously presented to the board, was taken up and considered. The city manager stated that in conversation with Mr. Smith the latter had expressed himself as in doubt as to whether he would appear before the board in regard to the matter. On motion of Trustee Woodberry, it was ordered that the assessment for the opening and widening of Adams Street from the north line of First Street to the south line of Oakwood Avenue be confirmed.

The chairman called for oral communications. Messrs. E. U. Emery, F. V. Owen and V. M. Hollister appeared before the board as a committee appointed by the Greater Glendale Development Association to present to the board the matter of inaugurating proceedings looking toward the acquiring of a municipal telephone system. Mr. Emery spoke for the committee, stating the desire of the association that the city procure the services of a competent engineer to investigate the subject and report on the feasibility of the project, its probable cost, etc.

The chairman stated that the

(Continued on Page 2)

LECTURES POPULAR

HEART DISEASE AND STOMACH
TROUBLE TONIGHT

The interest continues in the Health Lectures in the Congregational Church. Wilson and Central avenues. The subject of the lecture tonight will be heart disease and stomach trouble. The subject Saturday 7:45 will be Kidney disease and diabetes. Mr. Elliott says in speaking of the subject tonight: "Much of our heart trouble is caused by disordered stomach and especially by acidity of the stomach and gas pressure. This produces only a functional heart trouble yet it has every symptom of genuine organic heart trouble. This form of heart trouble is generally cured by proper breathing, health culture exercises and correct combinations of foods with a balanced ration. Relief from what is often considered serious heart trouble is often found almost immediately on correction of the food supply and the elimination of the acidity of the stomach, and the removal of gas pressure. The lecturer is bombarded with questions at the close of each lecture after which the entire audience takes part in the health culture exercises. The older people are as enthusiastic as the young in these exercises. Exercise is imperative for the man or the woman after they have reached forty. Health is impossible without it."

Heart Disease

The human heart is the great central dynamo of the whole body. It is the engine that furnishes the motive power for the whole body. It sends the blood supply coursing through the arteries and the capillaries of the body feeding the cell life of the whole body. A weak heart means poor circulation of the blood and poor circulation of the blood means stagnation and disease. As well drink from a stagnant pool and expect health as to have poor circulation of the blood and expect health. While the heart carries such heavy burdens and has such heavy work to perform, lifting 585,000 tons of blood in a lifetime of eighty years, under fair treatment it will sometimes do its work perfectly for a hundred years.

Food Supply and Heart

The food supply is the great problem with the human heart. The surplus food overworks the heart and fills the blood stream with poisons which contract and harden the arteries so that it is difficult for the heart to throw the blood through the arteries and the capillaries. This causes what is known as the hardening of the arteries and soon there is the lack of circulation of the blood in the extremities of the body. Cold hands and feet are the first indication of the weakening of the heart and the hardening of the arteries. The remedy for these conditions of the heart are found in generous breathing, scientific bathing and exercises, and a balanced ration. The blood building foods are imperative in heart disease.

"V" SALES \$50,000

BIG BOND DAY THURSDAY CAP-
PED BY ARGONNE TANK
DRIVE YIELDING \$13,000

The visit of the Whippet tank, with its crew of war workers, wounded soldiers, movie actresses, and the band from Arcadia Balloon School Field in two truck loads, in co-operation with local workers, did valiant service Thursday evening in carrying Glendale forward on the road to the top in the Victory Loan drive. Not less than fifteen hundred people gathered in the square on Broadway between Brand and Central where the loan tank used as a speakers' station was placed, and where the Whippet tank also came to rest after it had participated in the parade which began soon after 7 o'clock, leading a line of march south from Broadway on Brand to Harvard, east to Maryland, north to Broadway and then to the final station. Following were militia of the High School Company under command of Commandant Hayhurst, Boy Scouts and autos filled with patriotic citizens.

At no time from the moment it arrived, about six o'clock, until it left this forenoon, was it possible to get a free view of the Whippet tank because it was plastered with small boys clinging to every projection throughout the evening. As it made its dignified way down the business thoroughfares the precision of the parade was quite broken up by the "cloud of witnesses" in the shape of small boys and girls who attended it as a guard of honor and (metaphorically) embraced it, insisting on walking so close that the driver must have had his own anxieties lest he run down some who, because they could not mount it walked close enough to keep a hand upon it. Never during the evening could any of them be persuaded to get very far away. Even infants cried for a nearer view.

As promised, the program was not only entertaining but wonderfully convincing in the matter of patriotic duty. The address by Rev. Thompson of the Little Church of Christ on Fifth street, L. A., was quite wonderful. His voice penetrated to the farthest reaches, and he played upon the sentiment and humor of the crowd to just the right degree to carry them with him. It was strenuous but he evidently enjoyed it, even when for purposes of illustration he was referring to his sinful days when he was a soldier in the British Army and participated with other soldiers in the jack pots of poker games, and the audience certainly enjoyed his description of a bob-tailed flush completed by the drawing of an ace, which he applied by showing that Uncle Sam had a full hand in the five Liberty Loans and that the Victory Loan was the completing ace which would win the day for America and all the world which looks to America to make good on her promises.

The audience was melted by the story told by the Anzac, Lieut. McKinnon, one of the few survivors of Gallipoli, who broke down himself and had to cease his speech when describing the death of a soldier whom he had been with him for five years. There were good talks by Mr. Cottrell and Sergeants Van Gent and Collins, and by the Canadian soldier, Mr. Johnson, who was sent home three times because of his severe wounds but who managed to get back to the front in spite of orders. When incapacitated his seventeen-year-old brother took his place in the ranks and also distinguished himself. Then there were two fine-looking negro boy soldiers who were decorated by the French government for the efficiency with which they brought up ammunition for the forces at the front, and a musician in the band who was also decorated with the "croix de guerre" because in the stress of the offensive he dropped his instrument, grabbed a gun and went into the fray.

It all helped immensely, together with the community singing led by the band, and later by Prof. Kirchoffer, who with the community choruses joined the crowd late in the evening and led in the singing of "Battle Hymn of the Republic" and "Old Folks at Home."

All the war workers were out, especially the women who have really done about ninety per cent. of the work in this drive; and of course Mrs. Ralph Meeker, chairman of the drive, and her co-worker, Judge Lowe, were also there doing their part.

Splendid service was rendered by the boys and girls of the High School who sold many bonds as did also the Boy Scouts.

The result of this special Tank Drive was sales totaling about \$13,000 which together with those made by workers during the day brought the total for Thursday up to about \$50,-

VIEWING THE PIT THEY HAVE DIGGED

CHANCELLOR SCHEIDEMANN AND OTHERS GLOOMY
ABOUT THE FATE OF GERMANY

(Special Service to Glendale Evening News)
Berlin, May 9.—Chancellor Scheidemann, speaking here today, declared: "The government has instructed its delegates to make counter proposals, and to claim the right of oral discussion." He further declared: "We are dealing with an enemy blinded by selfish policies."

Referring to Wilson's fourteen points, Scheidemann asked: "What becomes of the exchange of guarantees mentioned in the fourth point? Despite Wilson's fifth point, Germany loses her colonies and her rights in Africa."

He declared that Count Rantau "faithfully interpreted" German sentiment and the government's policy when he said: "We will examine the terms with good will. The government earnestly wishes a just peace."

He also added: "Versailles today represents the deepest point in the fall of Germany. A decision either 'yes' or 'no' can lead us lower and lower until we face utter annihilation with no hope of getting up. If the collateral conditions are in the same spirit as the main conditions, we face the tomb of the German people."

The Versailles correspondent of the Berlin Tages Zeitung quotes German Peace Delegate Giesberts as saying: "We must make peace in Russia and invite the Russian troops into Germany." He also quotes Landsberg as saying: "The terms are beyond the most pessimistic forecasts."

PRESIDENT APPEALS FOR "V" LOAN

WOULD MAKE OF IT "A GREAT POPULAR THANK-OFFER-
ING IN WHICH EVERY AMERICAN CAN SHARE"

(Special Service to Glendale Evening News)

Washington, May 9.—Making an appeal for the Victory Loan, President Wilson cabled Secretary of the Treasury Glass: "Through you I appeal to my fellow citizens on the eve of the consummation of a glorious peace to sustain the honor and credit of our country. I appeal to my fellow citizens to pay tribute to the valor and the sacrifices of our fighting men by making this last Liberty Loan not only a financial success—for that it must be—but a great popular thank-offering in which every American will share according to his ability."

DISSATISFACTION OVER MANDATORIES

IN OTHER RESPECTS ALLIED DELEGATIONS ARE SATIS-
FIED WITH TERMS OF GERMAN TREATY

(Special Service to Glendale Evening News)

Paris, May 9.—The "Big Four" directed today that work be started on the final drafting of the Austrian peace treaty. The portion of it which will deal with responsibility for the war and its crimes will be similar to that part of the German treaty, except for the political aspect.

All Allied delegations are apparently satisfied with the German treaty except in the matter of mandatories. Belgium has protested against the British mandatory in German East Africa, and the Italian press is dissatisfied because Italy is given no mandatories.

SENATOR BORAH THREATENS TO QUIT

Washington, May 9.—Senator Borah today issued a statement that if the Republican party "surrenders" on the League of Nations, he will "fumigate" himself and quit the party. The opponents' league is planning to ask President Wilson if he is willing to permit a referendum vote on the league to be taken.

00. This means that about \$50,000

more must be raised today and to-morrow to bring up Glendale's quota. The response last night has heartened the canvassers and convinced them that Glendale is going to come through even if she is a little slow and that our city will make a creditable finish.

Headquarters will be kept open until 12 o'clock Saturday night to afford the last possible minute for the workers and to rouse would-be subscribers to get in under the wire. Everybody should realize that this is the last call, that there will never be a chance again to buy such government securities as these at the price, that they are almost equal to bank notes as a circulating medium, and better than savings deposits in the matter of interest as they will go so far above par that they will represent a return of 6 per cent. on the investment, also that they are the finest kind of collateral security. Only a few hours remain to get in. Every man, woman or child who can buy a bond should buy now.

After the Tank Drive was over the crew and the members of the Arcadia Band were entertained by Glendale with a very nice supper beautifully served at the Glendale Restaurant, 113 East Broadway.

You bought bonds for war; now buy them for peace.

IMPERSONATE ADS

BAPTIST WOMAN'S MISSIONARY
SOCIETY HOLDS UNIQUE
MEETING THURSDAY

A somewhat unique missionary meeting which was held by the ladies of the Baptist Woman's Missionary Society Thursday afternoon at the home of Mrs. J. R. Bright, 319 North Maryland Ave., was planned and engineered by Mrs. Doxsee.

The aim of the meeting was to ad-

vertise among the members the literature which the society will use during the coming year. To emphasize this, the characters which have become familiar to us on the advertising pages of periodicals were represented. Mrs. Roy Kent, for instance, personated "Dutch Cleanser" with a fitting little story boosting Missionary work. Mrs. Ely stood for Mennen's Talcum Powder, her baby in her arms, and her message was one of thanksgiving that the child was an American.

Mrs. Walter Stamps was a school girl who talked about the colleges in China and Japan. Mrs. Howard advertised the Ever Ready Flashlight and declared the thing to do is to flash the light of Christianity into heathen darkness.

Millie Rowe stood for the Eastman Kodak and talked of the work of the child crusaders. Dorothy Howard as the Waltham watch girl advertised that other W. W. G., the World-Wide Guild.

Beeatrice Doxsee advertised LePage's glue by the use of which the broken things of this world were made whole.

Sallie Gray and Evelyn Kent were the Gold Dust Twins. They talked about the cleaning and rubbing and scrubbing they had to do and passed out the mite boxes for the coming year.

About forty ladies were present and Miss Jacobs of Los Angeles gave quite a talk on the books the Missionary Circles will read the coming year.

Mrs. Ray Dudley gave a vocal solo number, Mrs. Haines, wife of the pastor, led in devotional exercises and punch was served by the hostess.

CONGREGATIONAL CONFERENCE

It is expected that Glendale will be well represented at the Thirty-Third annual meeting of the Southern California Congregational Conference, which will be held at the Plymouth Congregational Church in Whittier, May 12th, 13th and 14th. Fine programs have been provided for all sessions and Mrs. Hartley Shaw is planning to take quite a party of young people to the "General Discussion of Problems and Possibilities in Young People's Work," which will take place at 4 o'clock Monday afternoon and be conducted by Miss Sarah Bundy. At the closing session on Wednesday afternoon Rev. E. H. Williford of this city will be one of the speakers who will lead in the discussion of the topic "The Church and the League of Nations."

BASEBALL NEWS

This afternoon the regular baseball team of Glendale Union High will play Covina on the Glendale field. If Glendale wins the team will be well on the road to the league championship. If it loses it will be tied with Monrovia. Local fans are optimistic. Game called at 3:30.

The first game of the newly organized second team was played yesterday with Polytechnic, the score being 9 to 0 in favor of the latter. Owing to a misunderstanding Poly used some of their first team players. This will not occur again.

In addition a practice game was played by the first team with Oceanside, the score being 5 to 4, in favor of Oceanside.

Coach Hayhurst's object in forming a second team is to develop new material for next year's champ team. He has arranged for games with L. A. High and Hollywood besides Polytechnic, in which only second team material will be used.

One of the most untiring and efficient workers in the Victory Loan Drive is Mrs. E. U. Emery, according to the Captain of Henry Johnston Precinct No. 6 in which she has been active. Her efforts have considerably swelled the total of sales which are now beginning to reach proportions of which Glendale need not be ashamed. Mrs. Emery has been a patriotic worker all through the war and feels that the biggest reward which could come to her has been realized in the return of her son, Sergeant Owen Emery.

The library was closed for one hour Wednesday as a tribute of respect to Mrs. N. H. Pardon, whose funeral was Wednesday, and who was the mother of Miss Margaret Pardon, one of the library attendants.

If it's worth dying for it's worth paying for.

ALTON M. BROOKS

ARRIVED HOME MONDAY FROM
Y. M. C. A. WORK IN
FINE HEALTH

Alton M. Brooks arrived Monday night in robust health and looking quite splendid in his well-fitting "Y" uniform.

When asked what had impressed him most in his overseas experience he said it was the offensive between Italy and Austria in the closing days of the war—October—when he was ordered to the front to begin his work with the third army and then transferred to the fourth army at Mount Grappa when the Austrian line was broken and with the Italian forces he went up the Branta Valley which led into Austria, meeting on the way thousands of Italian prisoners returning to Italy and other thousands of Austrian prisoners which had been taken captive by the Italians.

He had to ride on a load of shrapnel carrying with him such supplies as he had been able to take for the comfort of the distressed. When the ammunition wagons could go no further because the roads had been so destroyed by shell fire, he walked twelve miles.

He appears to have a very favorable impression of the Italian people, who, he says, treated him finely.

He saw quite a little of France in passing through it but made no stay anywhere. He declares, however, that the battle zone in Italy is quite as desolate as that of France for the territory north of Grappa including Cismon and several other cities was fought over three times and scarcely a building is left standing in spite of the fact that they were of stone. Those which had survived the shell fire of the offensive were blown up by American troops in their retreat.

There is, he says, a great deal of unrest among the Italians who have been at war for three years. Some of their soldiers have been in the army for ten years at an average pay for the privates of 10c a day. Of course, their families have suffered in consequence and now that they are free there is no work for them and they are demanding employment and creating considerable disturbance with prospects of a revolution. That was what made it so hard to reconcile them to the rulings of the peace conference.

The trouble was also due somewhat to the propaganda of the people in Flume and Spoleto who are Italians and desire to be attached to Italy, yet Flume furnishes the only outlet for the Jugo-Slavs to the Adriatic at the present time and the decision to make it a free port until another one can be built for those peoples is evidently just in Mr. Brooks' opinion. Italy was simply trying to take in the whole Adriatic coast.

Mr. Brooks has been asked by Mr. Luther, Y. M. C. A. Secretary for Southern California, to assist in the "Y" work for a time, and aside from that has not had time to make any definite plans or do much except rejoice that he is at home and that the war is over.

A CLUB LUNCHEON GUEST

Mrs. Danford, City Librarian, was the after dinner speaker at the annual luncheon of the Eagle Rock Woman's Club this week. She talked on library drives and on the new books and her suggestions appeared to be much appreciated.

It was a very pretty affair, the lunch for each guest being placed in pink and green May basket, made fragrant with a Cecil Brunner rose which topped it. Mrs. Danford was at the table of the president, Mrs. Weir, who presided beautifully. Later our townswoman was given an opportunity to see the club house in detail and found it so wonderfully attractive that she was not surprised when told that it is a great community center.

About one hundred were present and the luncheon was followed by an interesting program which included a little play, several readings and some piano numbers.

LIBRARY BOARD MEETS

The regular meeting of the City Library Board was held this week and the purchase of new books for both the main and branch library was decided upon. The Board also voted to send Mrs. Danford to the State Library Convention at Del Monte. Mr. Cushing was granted a leave of absence to attend a course of lectures along the line of library work.

The library was closed for one hour Wednesday as a tribute of respect to Mrs. N. H. Pardon, whose funeral was Wednesday, and who was the mother of Miss Margaret Pardon, one of the library attendants.

If it's worth dying for it's worth paying for.

GLENDALE, CALIFORNIA,
FRIDAY, MAY 9, 1919

TRUSTEES' MEETING

(Continued from Page One)
board had previously employed Mr. Barker as an expert on telephone matters and that possibly his services might be secured in the present instance. The city attorney expressed the opinion that the engineer of the public service department, having an expert knowledge of the electrical phase of the subject, would probably be able to give a valuable report, should he make a business of investigating it.

Messrs. Owen and Hollister of the committee spoke on the subject, and Trustee Woodberry made a motion, seconded by Trustee Jackson, which was adopted, to the effect that it is the sense of the board of trustees that this body is in entire sympathy with the movement inaugurated by the Greater Glendale Development Association for the establishment, under certain conditions, of a municipal telephone system; and will take measures as requested to ascertain the information desired.

A communication was read from Kate S. Black and others, calling attention to the fact that the light poles on the east side of Grand View Avenue stand near the center of the parking, and out of line, making it inconvenient to care for the parking properly, and requesting that said poles be set to the edge of the parking and properly lined up. On motion of Trustee Shaw, the city manager was instructed to see that the request of the petitioners be complied with.

Reports were presented from the health officer, treasurer and tax collector.

The city clerk reported in reference to the memorial for returned soldiers, prepared by the board of trustees, that a number of copies had been signed by the members of the board and the city clerk, and are now ready for delivery. He presented the remainder of the certificates to the trustees for their signatures. On motion of Trustee Shaw, the city clerk was instructed to attend to the delivery of the certificates, by mail or otherwise.

The city clerk made a report on the subject of bakery licenses, which had been referred to him for information to be obtained from other cities on April 17, 1919. As a result of inquiries made, replies from a number of cities communicated with show that practically the only difference in the matter of licensed sale of bread and bakery products between the cities referred to and Glendale is in the amount of the license required from dealers in bakery goods not having established businesses in the cities, who retail their products.

The city manager reported that the city of Eagle Rock had agreed to make certain repairs on East Broadway as requested by the board of trustees of the city of Glendale.

The city manager further reported that Mr. Johnson, engineer of the P. E. Railway Co., had stated to him that an estimate of the cost of the construction of bridge at Brand Boulevard and the wash had been forwarded to General Manager Shoup, in San Francisco, and he had no doubt but it would receive consideration within a few days.

The city engineer presented a diagram showing assessment district for the improvement of Broadway from Glendale Avenue to the easterly city limits, showing each separate lot, piece or parcel of land, and the area or same in square feet of every lot and the relative location of the same. On motion of Trustee Henry, the diagram as presented by the city engineer for the improvement of Broadway was adopted.

The city attorney reported that in the matter of the proposed increase of rates by the P. E. Railway Co., the matter had been taken up by several cities through their respective attorneys, who had prepared a plan under which it was hoped all cities would join, for raising funds to employ engineer and legal counsel in an effort to prevent the increase of said rates. He stated that he did not recommend participation by the city of Glendale in contributing for that purpose, but simply presented the matter for such action as the trustees might wish to take. No action was taken.

As to the telephone situation, the city attorney stated that it is now a matter of common knowledge that Glendale is only one of many places protesting against the increase of rates; that the matter was taken up by the United States Supreme Court on Monday last and is being considered by that body, which adjourned until May 19, next. He further stated that the decision of Judge Landis of the U. S. District Court in Chicago was not an opinion as to the right of Director Burleson to increase rates, but was in the form of an injunction granted by Judge Landis, restraining Postmaster General Burleson from

putting increased intra-state telephone rates into effect in Illinois. In the meantime the injunction granted by Judge Landis, restraining Postmaster General Burleson from putting increased intra-state telephone rates into effect, will be suspended until decision in the telephone case has been reached by the Supreme Court of the United States. Until the decision is announced by the Supreme Court the filing of new cases would avail nothing, and no restraining order would be granted by any court, and if so granted would be suspended.

A case had been filed by the city of Denver vs. Rocky Mountain Telephone Co., and the city attorney had communicated with the city attorney in Denver for information in regard to the same which might be of use in preparing a similar case. On motion of Trustee Shaw, and so adopted, the city attorney was instructed to communicate with California Congressmen and Senators, requesting that they give their support to the legislation in Congress requesting the return of the control of the telephone companies to private owners.

The city attorney reported that in the case brought by Mitchell against the trustees of the city of Glendale, attacking the validity of annexation to the city of Glendale of the Grand View District, had been up before Judge McCormick of the Superior Court of Los Angeles, but had not as yet been decided.

The city attorney presented the contract between the city of Glendale and the Forest Grove Land Co. in reference to matters in Verdugo Canyon. On motion of Trustee Shaw it was ordered that the contract be approved, and the president of the board of trustees and the city clerk be instructed to sign the same.

An ordinance amending the building ordinance, which had previously been read the first and second time, was presented for third and final reading. On motion of Trustee Shaw same was adopted as Ordinance No. 349.

Personals

Sergeant Owen Emery is now at the Presidio participating with other troopers of the 316th Ammunition Train in the big parade set for today. His impatient family is hoping to see him early next week.

Mrs. R. G. Payne of Orange has been in the city for several days visiting friends and attending to the leasing of her home on Central avenue to Dr. Thomas, acting physician at Thornycroft.

Mrs. Eustace B. Moore spent Thursday in Los Angeles in attendance on a Dorcas Society to which she belongs which met at the residence of Mrs. Paul Bresee on Santee street.

Miss Noe of Uplands, principal of the Grammar Schools of that city, has been at the Glendale Sanitarium for a few weeks for rest and recuperation. She returns to her home today much benefited by her stay here.

Mrs. Ella W. Richardson has received word that her daughter, Mrs. Shives Metcalf, with her small son, Billie, had arrived safely at their home in King City, were happy to be at home and that Billie is keeping up his reputation as a good baby.

Miss Helene Constance Morgan of 124 East Acacia avenue will have a recital at the Ebell Club House in Los Angeles Friday evening, May 16th, at 8:15 o'clock. This will be of interest to musical circles in Glendale.

Rev. Munger, pastor of the Central M. E. Church, accompanied by Mrs. Munger, is visiting their daughter in San Bernardino. They expect to return the last of the week. The converted railroad man who spoke in his church last Sunday will occupy the pulpit again next Sunday evening.

Will Marple was a guest of honor at a social affair at the Central Methodist Church Tuesday evening, which was given by the J. O. C. Class. He told his experiences in Scotland and everybody came out to hear them. The class members sold refreshments and gathered in a nice bunch of money.

People who do "slight housekeeping" and others will welcome the news that home cooked food prepared by ladies of the Holy Family Catholic Church will be on sale at Mellish's Jewelry Store Saturday, May 10th, from one to five p.m. The proceeds will go to the fund for the new church.

We've won the war; let's pay the bill.

GLENDALE FEDERATION OF P.T.A.

The Glendale Federation of P.T.A. is an organization composed of the Parent-Teacher Associations of the different schools in the Glendale City School District.

It accomplishes great good in many ways patriotic, philanthropic, educational and has a scholarship fund. All this work is carried on with funds derived from a small assessment and benefits.

The Federation has planned a benefit, a Spring Festival, to be held at the home of Mrs. Ella Richardson, corner Central avenue and Riverdale Drive, Friday afternoon, May 16th.

General admission will be fifteen cents, children under fourteen years of age five cents, under six years of age admission free.

The gates will open at 3:30 o'clock, the program to continue until 11:00 o'clock. The public is cordially invited to come.

The entertainment will be out-of-doors. Bring your basket luncheon and stay until the end of the evening's pleasure.

There will be aprons, caps and miscellaneous articles, cooked food, fruits and cakes for sale, in charge of Mrs. Chappell, Mrs. Eustace Moore and Mrs. Kulp. Punch to be served by Intermediate girls, and High School girls.

Hot-dogs, coffee, sandwiches and cornucopias will be served by Mrs. West, Mrs. Myton and Mrs. Cline.

The attractions of the program, a Flower Show with flowers for sale, an exhibit of wild flowers, a cash prize to be given to the Grammar School having the best exhibit. Mrs. Geo. Herald, G. 839-W, will have charge. Baby Show, two classes, babies up to nine months of age, class 1; babies nine months to two years of age, class 2. An entrance fee of 35 cents will be charged. There will be prizes for boys and girls. Telephone your entries to Mrs. Kille or Mrs. John Robert White, G. 2106-W.

Pet Show, dogs, cats, rabbits, chickens and pets of all kinds, prizes to be given child having best exhibit. Mrs. Sonntag, G. 1419-W, will have charge.

The Glee Club of Intermediate School will sing in the afternoon. Mrs. Pearl Keller's pupils will be the feature from 5:30 until 6:30 o'clock.

The High School Orchestra will play at 7:45 o'clock and the Drama students will give two plays at 8:30 o'clock.

For any information telephone any P.T.A. President, Mrs. H. V. Henry, G. 2263-J, or Mrs. John Robert White, G. 2106.

ONCE UPON A TIME

As the fairy tale goes, there were no street cars, automobiles, bicycles, etc. People used shanks mare by walking or going on foot.

There used to be no gas, or electric light; only oil lamps and candles, and most people went to bed with the chickens. (I mean at the same time.)

There used to be no wireless, telegraphic or telephone service, people walked and talked their wants direct by visiting and calling.

There used to be no good coffee worth drinking until Booth, the Coffee King, became known in Glendale, America, the world. His place of business is located at 318 E. Broadway.

The time is now, A. D. 1919.

NOTICE

NOTICE OF THE RECORDING OF
THE ASSESSMENT AND DIA-
GRAM FOR THE OPENING AND
WIDENING OF EIGHTH STREET
FROM THE WEST LINE OF VER-
DUGO ROAD TO THE EAST LINE OF
GLENDALE AVENUE AS
CONTEMPLATED IN ORDIN-
ANCES NOS. 294 AND 297.

Public notice is hereby given that the assessment and diagram for the opening and widening of Eighth Street from the West line of Verdugo Road to the East line of Glendale Avenue as contemplated in Ordinances Nos. 294 and 297 was recorded in the office of the City Manager and Ex-Officio Street Superintendent of the City of Glendale on the 6th day of May, 1919. The date of the first publication of this notice is the 6th day of May, 1919.

All sums levied in the said assessment are due and payable immediately, and payment of said sums is to be made to me in my office at the City Hall in said City within thirty days after the first publication of this notice, to-wit: on or before the 5th day of June, 1919. All assessments not paid on or before the said 5th day of June, 1919, will become delinquent and thereupon 5 per cent. of the amount of each such assessment will be added thereto and the property advertised for sale, as provided by law.

T. W. WATSON.
City Manager and Ex-Officio Street
Superintendent of the City of Glendale.

ANNOUNCEMENT
EXTRAORDINARY
ON AND AFTER MAY 19
Our VERY BEST COFFEE will be 40c
Our GOOD COFFEE 35c

We have fought this for months and have saved consumers thousands of dollars, and we regret to say that the market has doubled on the cost of green coffee, until now a fine grade of green coffee costs nearly 30c, and as coffee loses about one-sixth in roasting, the Best Coffee costs over 35c.

Our small expense in selling consumer direct, without cans, middlemen, solicitors or delivery, allows us to still sell

VERY BEST AT 40c AND GOOD AT 35c

SO, CONSIDERING OTHER FOOD ITEMS,

COFFEE IS STILL CHEAP

We do also want to explain, in this connection, that in dealing with this firm you are buying from REAL COFFEE PEOPLE, who do not act as agent for some JOBBER and SELL what he won't USE. We deal ONLY WITH CONSUMER, and give him coffee to bring him back.

COFFEE ROASTED EVERY HOUR AND GUARANTEED
